

Why Berkshire United Way?

Because a strong community takes all of us.

We see the bigger picture.

We listen to our community, bring partners together, and help direct resources toward needs and opportunities across Berkshire County.

We invest locally.

Dollars raised here help strengthen the organizations, partnerships, and solutions serving our neighbors.

We bring people together.

Our role extends beyond fundraising. We connect nonprofits, businesses, volunteers, donors, and community leaders around the shared work of making Berkshire County stronger.
